THE NATIONAL SOCIETY OF LEADERSHIP AND SUCCESS

LETTER OF RECOMMENDATION

Dear To Whom It May Concern!,

I am writing today to recommend KESSA GOODEN. KESSA has been a key member of the The National Society of Leadership and Success Chapter at Broward College-North Campus and has completed a rigorous leadership training program through our organization.

In order to achieve membership in the Society, KESSA chose to attend many hours of training focused on teamwork, goal setting, high achievement, leadership skills and styles, self-motivation, and accountability. Instead of needing to learn these skills on the job, KESSA will come to your organization with them already developed.

Through many hours of hard work, and after being reviewed by both the staff at their college as well as our National Office, KESSA has been awarded a Certificate of Leadership Training. If you have not heard of The National Society of Leadership and Success' certification program, you may not realize how much work is involved for a member to achieve KESSA's status. Since joining, KESSA has attended training broadcasts with presenters such as Sir Richard Branson, Trevor Noah, Deepak Chopra, Arianna Huffington, and Anderson Cooper. Additionally, through bi-weekly mastermind team meetings, she has learned how to use a peer group to increase performance. After each meeting, KESSA completed a journal to document her progress and goals.

I am highly recommending KESSA.

Very truly yours,
